Summary

I'm a Computer Engineer passionate about creating practical, reliable software solutions. I have a genuine love for coding, with a strong interest in web development and cloud technologies. Skilled in building dynamic, data-driven applications and scalable cloud-based systems. Always eager to learn, innovate, and contribute to meaningful, impactful projects.

Education

Dr. D. Y. Patil college of Engineering and Innovation (S. P. Pune University) <ul style="list-style-type: none"><i>Bachelor of Engineering (B.E) in Computer Engineering SGPA: 8.57</i>	2022 - 26
N.G. Acharya and D.K. Marathe College, Mumbai <ul style="list-style-type: none"><i>HSC (Class XII)</i>	2020 - 22
S.K.P. High School, Mumbai <ul style="list-style-type: none"><i>SSC (Class X)</i>	2019 - 20

Skills

- **Language:** Java, HTML, CSS, JavaScript (Beginner), SQL
- **Databases:** MYSQL, MongoDB
- **Tools / Technologies:** AWS, Docker, Git, GitHub, Linux, Bootstrap, Tailwind CSS, VS Code

Experience

Cloud Intern - Codec Technologies (March 2025 – April 2025)

- Worked with AWS services like EC2, S3, Lambda, and IAM.
- Deployed and managed cloud-based applications and storage solutions.
- Configured EC2 instances and automated tasks using Lambda functions.
- Developed basic serverless APIs with API Gateway and Lambda.

Certifications

- **Fundamentals of AWS** – Udemy
- **Docker & Kubernetes** - Udemy
- **Java** – Coursera

Projects

1. **Prescripto:** Doctor Appointment Booking System | [GitHub](#)

Tech Stack: MERN, Tailwind CSS, JWT, Cloudinary, Razorpay, Stripe

Description: A full-stack doctor appointment platform with secure authentication, doctor management, online payments, and an admin & doctor panel.

2. **My Personal Portfolio – Website** | [GitHub](#) | [View](#)

Tech Stack: HTML, CSS, JavaScript

Description: A personal portfolio website showcasing my projects, skills, and passion for web development and cloud technologies.
